

Everything in the world has a **purpose**.

Draw a line to match these objects with their correct purpose.

Plate.

To eat food from.

Eyes.

To see.

Spider.

Helps control the insect population.

House.

A shelter for people to live.

Builder.

Builds things for people to use.

Think back to the “Who Am I” profile you completed in Lesson 1 on Self Image. There are lots of ways that you use your gifts, talents and skills to improve your life and the lives of those around you. Take a moment now to think about the ways you use your abilities to make a positive difference in your world.

What are 3 ways you can use your skills to make your life better.

1.

2.

3.

What are 3 ways you can use your skills to make life better for those around you.
