

It's important to know what you should do if you see **inappropriate** things while you are online.

1. What should you do when you see inappropriate images?
(Select all of the correct options. There are 4 correct answers).
 - Show the image to a friend to check if it is inappropriate.
 - Turn away quickly.
 - Swipe away from the image or video.
 - Try to think about something else.
 - Tell a trusted adult (someone from your 5 trusted adults list).
 - Copy and paste the image and email it to your teacher.
 - Make sure you remember the image so that you can tell someone exactly what you saw.
2. What are **the three key words** Paul said to remember so that you can act safely when you see something that is inappropriate or disturbs you?
